Experience

2024-05 - Current

Internship

Teachfosys, Bangladesh (Remote)

As a **Frontend Developer** at **TeachFosys**, a startup IT agency, I developed responsive web interfaces using HTML, CSS, JavaScript, and React. I collaborated with designers and backend developers to deliver custom web solutions and enhanced SEO strategies to improve website performance.

Education

2023-07

MERN Stack Development: Web Development

Programming Hero - Online

BBA: Management

Govt. Titumir College - Dhaka

Latest Projects

TeachFosys – Company Website

Role: Frontend Developer

Developed the official website for **TeachFosys**, an IT services agency. Created a responsive and visually appealing site to introduce the company's services, showcase projects, and provide client information. Implemented a user-friendly interface and optimized performance to enhance the overall user experience.
